

What was good

You have:

- Created a realistic floor plan design
- Used spreadsheet skills to calculate costs
- Written an effective letter making good use of formatting and language
- Demonstrated you understand how ICT tools and facilities can benefit people

Improvements

You could have:

- Made your floor plan more accurate
- Used more spreadsheet tools / formulas
- Used more appropriate fonts / colours / layout / language in your letter
- Thought more about why ICT tools and facilities are helpful

Next Steps

- Suggest 2 improvements to your letter - say why they would help.
- Provide and justify at least 2 reasons why a youth club or community centre would benefit from having IT equipment.
- Compare the differences between connecting the computers using wifi or cables.
