

What was good

You have:

- Demonstrated understanding of networks
- Combined text and images effectively to produce advertising materials
- Create a consistent presentation using the slide master and appropriate fonts/colours

Improvements

You could have:

- Considered the importance of different types of networks in more detail
- Combined text and images more effectively / consistently to suit your audience
- Used features carefully in your slideshow to make it more engaging/professional

Next Steps

- Suggest 2 improvements to your slideshow / advertising materials - say why they would help.
- Explain the differences you would expect to see in a slideshow to be used on-screen and a slideshow to be presented in person.
