

What was good

You have:

- Planned a digital product in detail
- Used 2 different tools to help you plan
- Created an effective, multi-page comic
- Used image editing techniques to improve your comic

Improvements

You could have:

- Planned your comic in more detail
- Added more detail to your story
- Made sure your use of language was appropriate for your audience
- Used a consistent and professional style
- More effectively merged pictures

Next Steps

- Say which parts of this project were easiest & hardest - why?
- Explain why a comic is a suitable medium for young children.
- Consider what formats you could use to inform older teenagers/ young adults about environmental issues - justify your choices
