

What was good

You have:

- Used a digital camera to take photographs
- Used a range of rules of photography
- Combined text and images
- Adapted a template effectively
- Created your own layout that is attractive

Improvements

You could have:

- Used a wider range of photography rules
- Added more / more appropriate text
- Created your own layout
- Used consistent frames or shadows to make your images stand out

Next Steps

- Describe 2 other photos you would like to take if you had time
- Discuss at least 2 pros and 2 cons of using a template
- Consider how you would change your portfolio if it were aimed at a 6th form open evening
