

What was good

You have:

- Planned your work carefully using a mindmap and a workplan
- Used image editing tools to create an appropriate logo
- Created an effective 3D model of a house that is clearly based on your plan

Improvements

You could have:

- Planned your work in more detail
- Demonstrated more image editing skills
- Produced a more realistic 3D model
- Produced a model that sticks more closely to your original plan

Next Steps

- State 3 more tasks that you need to complete for Crispin
- Explain how you will improve your work in the remaining tasks
- Consider whether it is better for a company to employ people with narrow specialist skills or broader general skills

Student Response
